The Complete Guide to the Rolls-Royce Silver Seraph and Bentley Arnage is the only book exclusively dedicated to the last motorcars to be designed at Crewe before Rolls-Royce and Bentley were sold to new owners. From design and styling of the Silver Seraph to the Arnage Final Series of 2009, this book covers every model and goes into detail about every imaginable option, with 265 color pictures. Special attention is given to rarely seen features, unusual options, and the long wheelbase variants, including the Bentley State Limousine. In addition, there is a useful checklist of things to look at when evaluating one for purchase.

Going green without the tree hugging. Climate change, fair trade, ethical investment, organic food, solar planets - modern life is complex for consumers with a conscience. What green and ethical advice is worth following? Which products and companies should we support or avoid? The Rough Guide to Ethical Livingcuts through the greenwash to answer these and many other questions. Low Carbon Living-From electricity to cars - how to reduce your greenhouse emissions at home and on the road. Responsible Shopping-Tea to trainers, fish to furniture, cosmetics to cleaners- the problems and ethical options. The Issues-Do boycotts work? Is buying local better? How fair is fair trade? What about third-world labour? Packed full of information and with tips on doing your own research, The Rough Guide to Ethical Livingis the ultimate handbook for responsible consumers.

Learn how to rebuild and modify the GM 4L80E transmission! As the successor to the venerable and popular Turbo Hydra-matic 400 (TH400), the 4L80E was the next flag bearer in GM's line of automatic transmissions. While serving as the smaller, lighter cousin to the 4L85E, the abundance of 4L80E transmissions manufactured between 1991 and 2013 ensures that these highly capable 4-speed overdrive units will be in service for years to come. Automatic transmissions are often seen as mysterious and overly complicated, but much of the guesswork has been simplified to its basic elements in this easy-to-follow guide. This book covers the process of identifying the best versions, tearing down the 4L80E, rebuilding, reassembly, and troubleshooting. Upgrades that are available for the 4L80E, which is a popular topic among performance fans and transmission swappers, are also included. This detailed, step-by-step instructional manual is authored by racer and builder Eric McClellan. Meticulous step-by-step photos of the rebuild process are featured along with torque specs and unique identification of all major and most minor components.

Tampa Bay Magazine is the area's lifestyle magazine. For over 25 years it has been featuring the places, people and pleasures of Tampa Bay Florida, that includes Tampa, Clearwater and St. Petersburg. You won't know Tampa Bay until you read Tampa Bay Magazine.

Designed for undergraduate and MBA courses in regression analysis for business and economics, this text requires very little mathematical expertise beyond college algebra. Terry Dielman emphasizes the importance of understanding the assumptions of the regression model, knowing how to validate a selected model for these assumptions, knowing when and how regression might be useful in a business setting, and understanding and interpreting output from statistical packages and spreadsheets.

A guide to worldwide statistics includes facts on science, politics, and consumer affairs, sports coverage, travel information, weather data, and facts concerning a wide range of additional subjects.

AAA helps you pick the best new car for your needs with this comprehensive 2004 vehicle buyer's guide. Evaluate more than 200 cars, SUVs, trucks and vans with this one convenient volume. Book jacket.
