CBSE always believes in Global Trends of Educational Transformation and Continual Improvement Process which means that the Board continually examines its processes and curriculum to evolve and find resonance amongst the educational fraternity. In this context, CBSE had restored Class X Board examination from the academic year 2017-18 doing away with the CCE pattern. Further to this, on 29thMarch 2018, CBSE released an updated curriculum for Academic Year 2019-2020 on which this latest edition of Oswaal Unsolved Papers is based. We at Oswaal Books are always proactive to follow the changes proposed by the Board and implement the same as soon as possible to put the students, parents and teachers at ease. The Oswaal Unsolved Papers have been modified and rewritten as per the latest Board guidelines in order to supplement the need of the students during the entire academic year! As the CBSE remodelled assessment structure is divided in two major parts namely Internal Assessment and Board Examinations, Oswaal Unsolved Papers have been designed to assist students to prepare for their multiple Assessment as well as the Board examinations with equal ease. Oswaal Unsolved Papers will not only help students with regular studies but will also equip the teachers with the most updated study material for the class. The unsolved questions provide ample scope for practice leading to better understanding of concepts. The solutions to all the unsolved questions can be found in Oswaal Question Banks for the specific subjects. The Unsolved Papers have been designed with a lot of care and attention to details. All chapters are arranged "TOPICWISE" where each topic is explained in detail and covers all typologies of Questions specified by CBSE. We hope to make Oswaal Unsolved Papers a student's best companion to sail through the entire academic year smoothly. Some of the key highlights of Oswaal Unsolved Papers are: • Strictly based on the latest CBSE Curriculum issued on 29thMarch 2019 for Academic Year 2019-2020 • Previous Years ' Board Unsolved Questions have been given for practice • Handwritten Toppers ' Answers and all Typology of Questions including Objective Type have been given for each chapter. • ' Most likely Questions ' generated by Oswaal Editorial Board with 100+ years of teaching experience. • Suggested videos at the end of Chapters are given for a Hybrid Learning Experience.

Based on Sanskrit mathematical aphorisms found in the Atharvaveda.

Improving Maths and English in Further Education provides a strategic, practical and easily applied toolkit for teachers and leaders as they work with students to gain core skills. The book highlights the unique challenges that are faced within the sector and the value of embedding college-wide literacy and numeracy for success, providing a range of strategies to resolve challenges. Structured to make sure that there is always an alternative approach, method or suggestion, the book allows the reader to choose the steps that suit their context best. Each chapter looks at the key priorities: • Identifies a range of potential solutions to a challenge faced in FE • Acknowledges potential implementation pitfalls and remedies • Suggests practical takeaways, key considerations and next steps Teachers and staff within further and Post-16 education will find this an essential resource for supporting students studying maths and English. "Teachers and leaders from curriculum areas across the sector will find scenarios and anecdotes that resonate in this book; timetabling, accountability, motivation... a must read." Catherine Sezen, Senior Policy Manager – FE "This is an interesting and engaging read from Jonny, who has produced a book that brings together contemporary educational literature, with a personal and honest take on leading and teaching English and Maths in FE." Steven Wallis, Executive Director Quality, NCG "This book caters for the many different voices, people and characters in FE - it does exactly what it says on the tin... It will give you all the tools for a great job with an evidence base to boot." Julia Smith, @tessmaths Jonathan Kay has managed and led English and maths departments in Further Education since 2017, as well as working as consultant for the Association of Colleges and Lead English Expert and examiner for a leading exam board. Jonathan has also previously worked as an English teacher, 2nd in Department and Head of English in a range of Secondary schools.

This folder accompanies the Primary CAME professional development programme. The two-year programme is based on extensive research into how to promote the development of children's mathematical thinking skills. It explores not just what to teach Year 5 and 6 children but how and why.

Beast Academy Guide 2D and its companion Practice 2D (sold separately) are the fourth part in a four-part series for 2nd grade mathematics. Book 2d includes chapters on big numbers, algorithms for addition and subtractions, and problem solving.

This self-help workbook covers mathematics essential to first-year undergraduate scientists and engineers. The second edition of this highly successful textbook has been completely revised and there is a totally new chapter on vectors. Mathematics underpins all science and engineering degrees, and this may cause problems for students whose understanding of the subject is weak. In this book Jenny Olive uses her extensive experience of teaching and helping students by giving a clear and confident presentation of the core mathematics needed by students starting science or engineering courses.
